

FOR MURDER

Warrants Out For Frick, Lovejoy and the Pinkertons.

Another Chapter Begun in the Great Labor Fight at Homestead.

The Prosecuting Witnesses Say This Action Has Been Delayed on Account of the Shooting of Manager Pinkerton.

PITTSBURGH, Pa., Aug. 4.—The threatened suits against the Carnegie officials and the Pinkertons, charging them with murder, was begun Wednesday morning and warrants issued for the arrest of the defendants. At 11 o'clock Messrs. Brennan, Cox and Hugh Ross, the prosecuting witnesses, went to Alderman King's office on the south side and made the information and the warrants were issued.

The information is as follows: "Commonwealth of Pennsylvania vs. H. C. Frick, T. P. Lovejoy, Robt. Pinkerton, Wm. Pinkerton, J. A. Potter, G. A. Corey, J. O. A. Leishman, H. M. Curry, C. W. Redell, Fred. Primer, W. H. Bart, John Cooper and Fred. W. Hinde.

Before me, the subscriber, Festus M. King, an alderman in and for said city of Pittsburgh, personally came Hugh Ross, who, upon oath, deposes and says that in 1892, towards the middle of the month of July, he, said defendant, and of their malice aforethought feloniously and with force and arms and deadly weapons kill and murder and cause to be killed and murdered, John Edgar, a workman of the Carnegie steel works, and there being in the commonwealth of Pennsylvania.

This information is on information received and believed to be true. Complaint therefore prays that a warrant may issue and that the defendant may be arrested and held to answer this charge of murder, and further deponent says that he is a true and law-abiding citizen of said city of Pittsburgh.

Sworn to and subscribed before me this third day of August, 1892.

(Signed) "FESTUS M. KING, ALDERMAN."

"HUGH ROSS." Attorney Cox Wednesday morning said it was not their intention to arrest Frick at present, but to leave him to endanger his life or his health. "We will not arrest all of them at present," said he. "We have delayed this matter, not because we doubt the guilt of the men, but to get the necessary evidence."

It is probable that information will be made later against the same persons for conspiracy to depress the wages of workmen and conspiracy to incite a riot by bringing a force of armed men to Homestead.

The attorneys say the suits were held off on account of the shooting of Mr. Frick.

The warrant for the arrest of Superintendent Potter was placed in the hands of Constable Wallace, who left for Homestead on the 1:10 train and expects to bring back Mr. Potter Wednesday afternoon on the 6 o'clock train.

The warrant for the arrest of Secretary Lovejoy was placed in the hands of Constable Wallace. It is understood Mr. Lovejoy will surrender, waive a hearing and ask the court to fix the amount of his bail.

The fact that only two warrants were issued Wednesday does not mean that more will not be issued. The others will be issued Thursday.

At 3:30 Wednesday morning, Secretary Lovejoy, Leishman and Curry, of the Carnegie Co., proceeded to the courthouse and presented themselves to Judge Ewing, asking to be admitted to bail. No warrants had been served on either of the three up to this time.

The court refused to hear the cases of Lovejoy, Leishman and Curry, telling them to go and deliver themselves up, as did Mr. O'Donnell and Ross.

Alderman King was sent for, and it is the purpose of the men to remain in the penitentiary of this city. Thousands of Danville citizens, however, heavy loss at Faulkner's hands. The feeling against him there is very bitter.

Flower was a victim of the Faulkner Bros. to a large extent.

Gen. Baker, Minn., Aug. 4.—Gen. James H. Baker, the alliance candidate for governor of Minnesota, wrote a letter withdrawing his name from the race.

The field to the other wing of the party headed by Ignatius Donnelly. It is stated that the alliance party numbering approximately 30,000 votes will join the democrats. The alliance faction will make its fight in the legislative districts.

Head the Railroad to Illinois.

MILWAUKEE, Wis., Aug. 4.—The jury investigating the Union depot wreck in which two lives were lost and four seriously injured, failed to reach a verdict finding that the Chicago, Milwaukee & St. Paul Railroad Co. was negligent in not employing a sufficient number of watchmen. The jury also considered the use of telephones for dispatching trains at the depot.

Gladiators Nearly Recovered.

LOXSON, Aug. 4.—Mr. Deane has so nearly recovered his usual health that this morning he fully resumed work. During the morning Mr. Justin Kearby and John Utlin called upon the liberal leader and held a conference with him. Wednesday afternoon, for the first time in several days, Deane left his home, going for a drive.

The President Vetoes a Bill.

WASHINGTON, Aug. 4.—The president sent to the senate Wednesday a message vetoing the senate bill to amend an act to provide for the bringing of suits against the United States.

Non-Union Foreman Fined.

LITTLE ROCK, Ark., Aug. 4.—The strike at the iron works at Little Rock was compromised Wednesday morning. Elkins, the non-union foreman, was dismissed.

HARBESON AND SALLIE.

Unanimously the Democratic Nominees for Circuit Judge and Commonwealth's Attorney.

Although everybody knew just what the outcome would be, a goodly number of the Democrats of this Judicial District assembled at Augusta yesterday to nominate candidates for Circuit Judge and Commonwealth's Attorney. Bracken is the new county in the interior and the honor was accorded her of holding the first convention within her confines.

The convention was held in the rink, and was called to order at 1:30 p. m. by J. A. Walton of Germantown, who also stated the object for which they were met. He introduced as temporary officers R. H. Hart of Fleming Chairman, and R. H. Robertson of Mason Secretary. Ben E. Roe of Greenup and J. F. Walton of Mason were appointed to receive the gentlemen forward. Mr. Hart, Mr. Robertson and Mr. Walton commended for Kehoe.

Each made a short speech. No committees were deemed necessary.

Nominations for Judge were declared in one and the same breath. J. B. Wilson of Lewis county seconded the nomination. There were several motions to make it by ballot, but it was done by voice.

The roll of counties was called again, and L. W. Robertson of Mason responded. The judges tried by commonwealth's Attorney. The judges tried by commonwealth's Attorney. The judges tried by commonwealth's Attorney.

A Word to Republicans.

The hope of the party lies in the expansion of a stalwart Republican press. The Republican who reads or otherwise helps to support a Democratic paper to the exclusion of one of his own party newspapers is untrue to the Republican cause.

Unanimously subscribed to by the National Republican League.

J. S. CLARKSON, President.
A. B. HUMPHREY, Secretary.

TAMMANY knows that the election of CLEVELAND means an anti-Tammany organization in New York that can do them more harm by masquerading as Democracy than the Republicans can.

DEMOCRATIC newspapers are printing revised and corrected editions of BOCKE's great anti-Cleveland speech "as a model of oratory." The oratory is good but the facts are better.

In twenty years there has been only one Democratic candidate for President whose nomination was favored by Tammany. And yet Tammany knows well that none will ever be elected without it.

THE Democrats hope to obscure their Free-trade plank by raising a big enough racket about a "force bill." There is no force bill in issue in this campaign. Protective Tariff, honest money, and a free ballot and a fair count are the issues.

THE Democratic objection to an appropriation to secure a site for the statue to be erected of General SHERMAN has not yet been withdrawn, and the statue paid for by contributions from old soldiers is still looking for a resting place.

THE lively interest and competition shown in the nomination of Republican candidates for Congress all over the country show that the Republicans are determined to carry Congress with the Presidency this year, and to send their best men to Washington to look after the public business.

On November 13th, 1873, The Iron Age gives French window glass, size 10x14, "B" grade, double strength, at \$2.40 per box. Since then Protection Tariff has built up scores of factories in America, giving employment to thousands of men, and American push and energy has so cheapened the process of making that the same grade of glass can be bought today at \$2.32 a box, less than half. Query: If it can be made so cheap, what is the use of continuing the Protection? It is right here that other countries following America have also cheapened their process of making, and having cheaper labor to work on they can undersell the Americans by the difference in American and foreign wages. Remove the Tariff and our labor will have to be reduced to their level or they will come in here and by underselling close our factories, gain control of markets, and as in the past, again raise prices. It is not better to continue the Protection and insure employment at advanced wages to the laborer in America who consumes and makes a market for the beef, pork and flour of the American farmer.

HOLDEN'S STATEMENT.

The Professor Thinks if Mars is Inhabited It is By Esquimaux.

LICK OBSERVATORY, Cal. Aug. 4.—Ed. S. Holden, of Lick Observatory, said Wednesday night regarding the apportionment of Mars:

"We have replied to many inquiries received during the present apportionment of Mars. These inquiries indicate widespread interest, but in many cases they appear to be based on misapprehension of the work now being done on the planet and elsewhere. We are simply endeavoring to observe more accurate information regarding the planet. That is all. Future apportionments, in which the planet will be seen at greater altitude, will be more favorable even if the planet is not more distinct for it will appear the same as now. We also wish to know how near Mars resembles the earth, and whether it is fit to be inhabited by beings like ourselves. It has been proposed by certain enthusiastic astronomers to determine this question. In my opinion the time has not yet come, even to speculate on this question. My reason for saying this is that I think it very doubtful if all the observations yet made are sufficient to enable us to pronounce even the lesser points we seek."

There is very little doubt but that by and by science will interpret all, nearly all, of the phenomena now seen, and to arrive at certainties. Just now only a few things are certainly known with respect to our nearest planetary neighbors. We are now giving nearly all the time of our great telescope to this work. We have found great changes in details of features, while the main outlines have remained much the same. These changes have seemed to be so great that it is often difficult to explain them by terrestrial analogies.

"If there are people on Mars I think they are Esquimaux. If the red areas are land and the dark areas are water, we can describe great inundations which have taken place, and might mention the fact that where there are now lakes there were once a sea. It has been proposed by some one in 1877. Some time during next autumn we shall have finished our observations. It is very probable that we can then draw some conclusions which are certain, and it is possible that considerable new light may be thrown on this problem. I think I am justified in saying that no more could have been done than has been done. If the results are not definite the reason must be in the extreme difficulty of the problem in hand."

LAND SHARKS.
How They Flayed Their Cows and Roped to Lick Island Farm.

SAN FRANCISCO, Aug. 4.—Three indictments found by the grand jury Wednesday reveal a swindle of gigantic proportions, in which some four hundred people, principally from the east, have been badly bitten.

The victims reside in nearly all the large cities of the east, including Chicago and New York. Two of the swindlers, O. E. Moore and T. H. Downing, are well known, but the third, A. Hoyt, is in Mexico. In 1887, Moore bought from the millionaire farmer, John Boggs, 14,000 acres of land in Tehama county, adjoining Senator Stanford's vine ranch. Not a cent was paid for it, the basis of the transaction being "good credit." Within a very few days Moore had platted the place with a seventy-thousand-dollar mortgage, the Savings Union of this city, being a joint owner. Then he sold two-thirds of the place to Hoyt and Downing, and organized the California Land Co. and called the tract "The Elmore Colony."

Circulars were issued and a gorgeous magazine was published offering five-acre tracts for \$1 a week on each acre, the total price being \$15 an acre. Four hundred victims were secured. Some paid up in full and got worthless deeds. A few months ago Downing transferred his interest back to Moore. Downing took no pains to protect the colonists' interests, and soon after Hoyt fled to Mexico to escape the results of embezzlement. Last year Moore started a dime savings bank here, swindling many poor people before the bank examiners shut him up. The remarkable feature of the Elmore colony fraud is that absolutely nothing has been done to develop the property.

The savings bank has now begun suit for \$63,000, which the colony owes it. When Boggs and the bank are paid there will be nothing for the poor colonists who have put their savings into the scheme.

Five Hundred Arrests.
WARDEN, Idaho, Aug. 4.—Gen. Carlin and Maj. Randall have returned here from Ft. Sherman. The troops will be here for an indefinite time, as the United States commissioner has warrants for the arrest of 500 men, some 200 of whom are yet to be served. It has been represented in the petition to both governor and president that men have been designated for the assassin's knife or bullet, and that existing evidence proves the assertion.

Has an Air Atmosphere.
NORTHFIELD, Minn., Aug. 4.—Observations taken at Lovell's observatory have been unsatisfactory, as Mars has not yet reached its highest altitude. One of the moons has been visible for thirty hours, but the other eludes observation. No startling discoveries are expected, although an atmosphere is clearly visible.

Admiral Stevenson in Louisville.
LOUISVILLE, Ky., Aug. 4.—Hon. Admiral Stevenson, domestic nominee for vice president, accompanied by Mrs. Stevenson and J. Stevenson Ewing, Stevenson's law partner, reached the city Wednesday evening, to be present at the dedication of the Waterson club's new house.

Accidental Shooting.
HARRISVILLE, Ky., Aug. 4.—At Longview Dock Butler, colored, was playing with a pistol that was supposed to be unloaded, when it accidentally went off, the bullet entering John Butler in the month, passing out just above the ear, inflicting a serious and it is thought, fatal wound.

AMENDMENT

To Article One of Articles Incorporating the Oakwood Distillery Co.

ARTICLE ONE of Article I of Articles of Incorporation of Oakwood Distillery Company, of Mayville, Kentucky, is amended to read as follows: "Be it remembered that at a meeting of the stockholders of the Oakwood Distillery Company, held at its office in Mayville, Kentucky, on the 1st day of June, 1873, the following amendments were adopted: That the name of said company be changed from Oakwood Distillery Company to Pottery Brothers Company; and that hereafter the business of said company be conducted under the corporate name of Pottery Brothers Company. And it was further agreed at said meeting that Ben H. Pottery, Secretary and Treasurer of said Oakwood Distillery Company, be and he is authorized to make proper acknowledgment of said change of name before the Clerk of Mason County Court, and cause same to be published and recorded as required by law."

Sec. and Treas. of Oakwood Distillery Co., BEN H. POTTERY.

STATE OF KENTUCKY, 1st Mason County.

I, T. M. Pearce, Clerk of the County Court for the county and state aforesaid, do certify that the foregoing instrument of writing was this day produced to me in said county and acknowledged before me by Ben H. Pottery, a party thereto, to be his act and deed, and signed and sealed by him in presence of me, together with this certificate, hath been duly admitted to record in my office this 31st day of June, 1873.
